

CLUB RESOLUTIONS

BACKGROUND

- * From its inception, POLIOPLUS has been a program for ALL OF ROTARY designed to save children from polio - an opportunity for every Club and every member.
- * Some Clubs have perceived POLIOPLUS as a three to five year program and others for various reasons have found it difficult to undertake serious fund raising during this POLIOPLUS YEAR.
- * In appreciation of the situation in which some Clubs find themselves, and knowing that all may wish to join in the unity and totality of this extraordinary Rotary effort, the Rotary Foundation Trustees have made a decision that Clubs may make formal resolution to provide funds to POLIOPLUS after the close of this ROTARY year.

IMPORTANT CONCERNS

1. The POLIOPLUS Campaign was not designed to burden Club leadership with fund raising responsibilities for more than this current POLIOPLUS YEAR. Clubs wishing to commit themselves to future POLIOPLUS fund raising should carefully consider the obligation and responsibility they place on future leaders.
2. While Clubs have every right to commit themselves to fund POLIOPLUS for several years, it is urged that they refrain from periods longer than next Rotary year (1988-89) - a one year funding period is recommended!
3. Critically important to a Club's consideration of the resolution is that future fund raising should in no manner divert resources away from unrestricted giving to the Foundation which supports scholarships, Group Study Exchange and 3-H projects.
4. In giving consideration to a specific amount, Clubs may find it helpful to relate dollars to the number of children that will be saved from Polio. Some Clubs may wish to relate to their self established goal, or their assigned SHARE, but they should feel no compulsion to do this.

TIMING - TWO POINTS

- POINT ONE - Clubs will wish to be included in the totals reported at the 1988 International Convention in Philadelphia. Thus, Club Resolutions should be forwarded to POLIOPLUS Headquarters no later than May 9th.
- POINT TWO - In appreciation of the campaign's desire to implement as much actual fund raising as possible this POLIOPLUS YEAR and prior to the Convention, Clubs are urged to consider a Resolution only after April 11th.

THE RESOLUTION

- * The Resolution should be voted on by the membership at a regular meeting and, when passed, certified by the Club president or secretary.
- * A format for the Resolution appears below and should be used.
- * Note that the format specifically requests the number of payments to be made, their frequency and the amount of each payment.
- * The Resolution should be attached to a Record of Subscription form on which the Club resolution is entered as any other gift.
- * The Resolution, Record of Subscription form and any associated check should be sent directly to: Walter Maddocks
